King and Queen County
Board of Supervisors Meeting

Monday, December 14, 2020
7:00 P.M.

AGENDA

1. Invocation and Pledge of Allegiance to the Flag of the United States
2. Approval and Signing of the October 26, 2020 and November 16, 2020 minutes
3. Approval and Signing of December 2020 warrants and appropriations
4. Public Comment Period
5. School Superintendent and Director of Social Services Reports
6. Public Hearing – Budget Amendment/Fire Truck for Lower K & Q Volunteer Fire
7. Public Hearing – Ordinance/One-time bonus for Law Enforcement Officers
8. CARES Funds – Hazard Pay for Public Safety Employees
9. CARES Funds – Hazard Pay for Election Workers, Electoral Board, Registrar and staff
10. Adoption of FY2022 Budget Schedule
11. Custodial Services/Court House Complex
12. Appointments/Reappointments to Various Boards and Commissions
13. County Administrator's Comments
14. Board of Supervisors Comments
15. Closed Session (If Needed)

King & Queen Wireless Authority Meeting Held Immediately Following Board of Supervisors Meeting

AGENDA: *December 14, 2020 Regular Meeting*

ITEM #1:

Invocation and Pledge of Allegiance to the Flag of the United States
of America

ACTION REQUESTED:

None Required

ATTACHMENTS:

None

AGENDA: *December 14, 2020 Regular Meeting*

ITEM #2:

Approval and signing of October 26, 2020 minutes and November 16, 2020 minutes of the Board.

ACTION REQUESTED:

Need a motion and second to approve the October 26, 2020 and November 16, 2020 minutes.

ATTACHMENTS:

- October 26, 2020 minutes
- November 16, 2020 minutes

**King and Queen County
Board of Supervisors Meeting
Monday, October 26, 2020**

6:00 P.M.

**Regular Meeting
King and Queen County Courts and Administration Building
General District Courtroom**

Minutes of the Meeting

CALL TO ORDER AND ROLL CALL

Chairman Simpkins called the meeting to order. Roll call was taken with four members being present and Supervisor Sherrin Alsop in attendance using remote access.

APPROVAL OF ITEMS FROM CANCELLED MEETING ON OCTOBER 13, 2020

- a) August 24, 2020 and September 14, 2020 Minutes of the Board
A motion was made by Mr. Burns and seconded by Mr. Bailey to approved the minutes of the August 24, 2020 and September 14, 2020 minutes.
AYES: S.C. ALSOP, J.L. SIMPKINS, D.H. MORRIS, R.F. BAILEY, J.M. BURNS
NAYS: NONE
- b) County Warrants and Payroll
A motion was made by Ms. Alsop and seconded by Mr. Burns to approve the County warrants and payroll for the month of October.
AYES: S.C. ALSOP, J.L. SIMPKINS, R.F. BAILEY, J.M. BURNS
NAYS: D.H. MORRIS
- c) School Fund Appropriation – September Revenue (\$517,501.80)
A motion was made by Mr. Bailey and seconded by Ms. Morris to appropriated \$517,501.80 in September revenue to the School Fund.
AYES: S.C. ALSOP, J.L. SIMPKINS, D.H. MORRIS, R.F. BAILEY, J.M. BURNS
NAYS: NONE
- d) School Food Services Quarterly Appropriation (\$87,654.25)
A motion was made by Mr. Bailey and seconded by Ms. Morris to appropriate \$87,654.25 to the School Food Services Fund for the second quarter of FY2021.
AYES: S.C. ALSOP, J.L. SIMPKINS, D.H. MORRIS, R.F. BAILEY, J.M. BURNS
NAYS: NONE
- e) Budget Amendment and Appropriation – CARES Grant for the Sheriff’s Department
A motion was made by Ms. Alsop and seconded by Mr. Bailey to amend the FY2021 budget and appropriate the \$49,900 CARES grant to the Sheriff’s Department.
AYES: S.C. ALSOP, J.L. SIMPKINS, D.H. MORRIS, R.F. BAILEY, J.M. BURNS
NAYS: NONE

APPROVAL AND SIGNING OF OCTOBER RECURRING WARRANTS

A motion was made by Ms. Morris and seconded by Ms. Alsop to approve the October recurring warrants subject to audit.

AYES: S.C. ALSOP, J.L. SIMPKINS, D.H. MORRIS, R.F. BAILEY, J.M. BURNS
NAYS: NONE

**PUBLIC HEARING – SOLAR SITING AGREEMENT/LEGAL STATUS OF
PLAN/CUP18-01 AND SP18-04 WALNUT SOLAR**

Chairman Simpkins opened the public hearing for the application by Walnut Solar LLS for the following:

1. CUP18-01 and SP18-04 (preliminary site plan approval) with requested waivers as permitted by Article 14, Section 3-311B of the King and Queen County Ordinance. Specifically, applicant requests waivers from the following requirements:
 - Article 14, 3-316A2(h) location of easements
 - Article 14, 3-316A2 (o) a stormwater management plan
 - Article 14, 3-316A2 (o) an erosion and sediment control plan
 - Article 14, 3-316A2 (n) a Chesapeake Bay Preservation Plan

And:

2. On the Proposed Siting Agreement pursuant to §15.2-2316.6 through §15.2-2316.9 of the Code of Virginia.

And:

3. On an appeal by the applicant from a determination by the Planning Commission that this project as presented to the Planning Commission on December 2, 2019 was NOT substantially in accord with the King and Queen County Comprehensive Plan as required under §15.2-2232(H) of the Code of Virginia.

Chairman Simpkins called upon the Director of Community Development to provide proof of publication and to provide background.

Donna Sprouse advised that public notice was provided to all adjacent property owners via certified return receipt mail. The public notice ran in the Tidewater Review and Rappahannock Times for 2 consecutive weeks on October 14, 2020 and October 21, 2020. The public notice was also posted as a courtesy in the Country Courier in their October 14, 2020 publication.

Ms. Sprouse provided the following background information on the project.

Solar facilities shall be reviewed for substantial accord with the comprehensive plan in accordance with VA State Code 15.2-2232(H) which states “A solar facility subject to subsection (A) shall be deemed to be substantially in accord with the comprehensive plan if (i) such proposed solar facility is located in a zoning district that allows such solar facilities by right or (ii) such proposed solar facility is designed to serve the electricity or thermal needs of the property upon which such facility is located, or will be owned or operated by an eligible customer-generator or eligible agricultural customer-generator under § 56-594 or by a small agricultural generator under § 56-594.2. All other solar facilities shall be reviewed for substantial accord with the comprehensive plan in accordance with this section. However, a locality may allow for a substantial accord review for such solar facilities to be advertised and

approved concurrently in a public hearing process with a rezoning, special exception, or other approval process.”

The Planning Commission’s decision: A motion was made and properly seconded, stating that the Walnut Solar I proposal as submitted by Open Road Renewables and as shown in the site plan dated, October 31, 2019, prepared by Timmons Group, is not substantially in accord with the King & Queen County Comprehensive Plan or parts thereof. The motion passed with an 8 to 1 vote.

Walnut Solar I, LLC is requesting approval of a Conditional Use Permit (CUP18-01) and Level 3 Preliminary Site Plan (SP18-04), originally requested a 110 MW utility scale solar energy facility, now requests a 149.9 MW utility scale solar energy facility with no increase to the facility footprint. The subject properties are located south of Lewis B Puller Memorial Highway, north of Taylorsville Road, east of Pear Tree Avenue, and east of York River Road, consisting of approximately of 1,698 acres, in the Buena Vista Magisterial District, County Tax Map Numbers 1623-134R-650, 1623-134R-650D, 1623-134R-199, 1623-65L-2221623-134R-653, 1623-134R-637A, 1623-134R-637C, 1623-134R-653A, 1623-134R-637B, 1623-134R-637, 1623-134R-638, 1623-134R-639, 1623-134R-649, 1623-134R-649A1, 1623-134R-183C, 1623-134R-454, 1623-134L-454B, 1623-134R-649A, 1623-134R-637D.

Article 14, Section 3-316A explains how all preliminary site plans shall be prepared and what requirements shall be met for projects. The applicant wishes that the Commission and subsequently the Board of Supervisors agree to waive the following components/requirements of a preliminary site plan as part of their preliminary site plan approval for Walnut Solar I, LLC...

1. Article 14, 3-316A2(h) location of easements
2. Article 14, 3-316A2(o) a stormwater management plan
3. Article 14, 3-316A2(o) an erosion and sediment control plan
4. Article 14, 3-316A2(n) a Chesapeake Bay Preservation plan.

Article 14, Section 3-311B states *“Any requirement of this Article may be waived when the waiver is not adverse to the purpose of this Article and when the applicant establishes that, in a specific case, an undue hardship would result from the strict enforcement of this Article. Such waiver shall be authorized by the official commission or board responsible for approving site plans as established in the following section only after a written request by the applicant.”*

The Planning Commission’s decision: A motion was made and properly seconded to recommend approval of the site plan waiver request as presented. The motion passed with an 8 to 1 vote.

The Planning Commission’s decision: A motion was made and properly seconded to recommend denial of Conditional Use Permit CUP18-01, Walnut Solar I, LLC. Reasons noted in the motion included concerns of size/scale, environmental issues, solar panel chemicals, questionable water needs, traffic congestion, construction noise, and not being in accord with the Comprehensive Plan. The motion passed with a 7 to 1 vote.

Chairman Simpkins called upon the County Attorney to discuss the Siting Agreement.

Mr. Swartzwelder reminded the Board members of the two sets of documents before them. The documents related to the items discussed by the Director of Community Development as well as the negotiated documents related to the siting agreement. During the most recent General

Assembly, HB1675 was approved. This bill requires solar applicants for projects over a certain size to meet with county representatives and their Board to attempt to negotiate a siting agreement. These negotiations must take into account things that will make the project marketable as well allow the county to explain to the developer the financial and other needs the county may have. The purpose of the legislation for solar energy projects as they are typically located in rural and historically economically challenged areas, that these areas would have the opportunity to enter into a financial arrangement that would benefit all of the citizens of the county. The Board has undertaken these discussions with Walnut Solar and the agreement that the Board has in front of them tonight reflects the discussions that have taken place over the last several months. Several highlighted points from the negotiations included that merit discussion and note were provided. Voluntary payments over the first three years of the project in the amount of \$1.33 million annually for a total of \$4 million, that has been noted to be used to support the broadband project that the Board had approved long before this project came along. Additional annual payments during years one through five in the amount of \$50,000, years six through ten of \$75,000, years eleven through twenty of \$85,000 and years twenty through forty of \$100,000 annually for an additional \$3.475 million. These payments begin the first January 1st after commencement of commercial operations of the project. The commencement date is defined as the date that the project first generates power to the grid or the commencement of an agreement between the project and JPM, whichever comes first. Other negotiated items include a series of water tanks supported by the appropriate wells to assist volunteers and county paid staff in fire suppression. The project is also subject to annual real estate and machinery & tools taxes. The document does recognize the change in the Virginia Code that allows for the board to enter into revenue sharing agreements up until the final site plan approval should the board decide to go that route.

Mr. Swartzwelder further advised that a large portion of the proposed agreement relates to decommissioning. The terms of decommissioning are to be set by a third party and will set the amounts of surety for the project. Surety must be either cash or an irrevocable letter of credit. There is an every three year 'true up' on the surety so as values change the surety can change but can never drop below the original amount that is set. The document also states that the county has no legal or otherwise obligation for decommissioning. The county will hold the surety and the board in place at the end of the project can choose to either use the fund to handle the decommissioning or plead it into Circuit Court and have a special commission set to handle the decommissioning using the surety that is being held. The document is binding on all successors and assigns for both parties. The document is also enforceable by the CUP so a violation of the CUP is also a violation of this agreement. There is a force majeure provision protecting against acts of God. There is a 180-day provision after just act that the owner/developer must get the operation back 'online' or provide a plan as to how to do so. All financial obligations are still in place during the time that the plant is being brought back online in such event.

Mr. Swartzwelder advised that these are just highlights of some of the items that were of particular concern to the Board, it is not a comprehensive summary of the document that the Board has before them.

Chairman Simpkins recognized the applicant to make a presentation.

Mr. Chip Dicks, representative for Walnut Solar, spoke on behalf of the applicant. He first thanked the Board for their time over the last year, that it has been a pleasure working through the process with them and County staff Donna Sprouse and Tom Swartzwelder. He feels that the application before the Board tonight is a much better land use proposal that it was originally. Many hours have been put into considering staff recommendations, citizen concerns as well as

input from the Board. He feels that every issue or concern that has been raised they have attempted to address in good faith. He provided a project overview as the project has moved through the approval process which includes the landscaping plan, waivers from certain requirements, preliminary site plan approval and the approval of the siting agreement. During the 2020 General Assembly the Virginia Clean Economy Act was passed which means that Virginia will move away from power generated by fossil fuels and by 2045 to be completely carbon free. This is a pretty aggressive time frame considering that this project is 150 megawatts and 16000 megawatts are supposed to be approved and operational by June 2030. This type of project is a large component of this plan and as it has been made known that the Governor intends to include this project in part of the announcement in the block of solar generated for state buildings to reduce the carbon footprint of state buildings.

Currently solar is the least cost energy source for Virginia rate payers. This is an important part of keeping rates low so that rate payers do not have to pay increased rates for utilities.

For this project there will be rows of panels connected to underground lines that then carry the power through the project to inverters that then convert it from DC to AC power.

The location for this project was chosen based on existing transmission lines located in the area. The current lines have the capacity to carry the increased power generated by the facility. In addition, the area's current use is largely tillable acreage or recently timbered forest land which make it appealing as well as all of the parcels being adjacent to each other for the entire project area. The project brings a very low density and passive use to the area. Of the 1,700 acres, there are approximately 350 acres of RPA area, 105 acres of wetlands and the Economic Development Corridor is avoided so only about 1,000 acres will be 'inside the fence' and only about 400 acres that actually have solar panels. After construction is complete and the buffers are in place it is designed to be a completely passive use. Because of this it does not place any undue burden on County services.

A very important part of any project in King and Queen as well as the Middle Peninsula is water quality. The applicant has worked with staff to provide a plan that is way beyond the minimum requirements for this type of project. Stormwater management once under operation has been given the same consideration. With the recommended conditions in place and the oversight by the County Attorney and Zoning office staff there is no way for this project to become another Essex County issue. All of these items will also be reviewed and approved at the final site plan approval.

Since the project was presented to the Planning Commission, the passing of the solar legislation has moved the decommissioning terms out of the conditional use permit to the siting agreement as explained by the County Attorney.

Mr. Dicks explained the changes to the landscaping plan that address concerns raised by staff and citizens, siting that all areas that are adjacent to or visible by residences will have increased buffers utilizing new plantings or existing timber. All plantings will be guaranteed by surety that will be set by the approved landscaping plan.

The phasing of the project is also a part of the erosion and sediment control and water quality impact. Phasing refers to the amount of land disturbance that is allowed at a time during construction. The current phasing request is 350 acres. The original request was 400 acres and staff had recommended 200 acres. This will also be addressed during final site plan approval.

Mr. Dicks addressed the noise levels during construction, the provision of assistance to fire and rescue through the installation of water tank and well, the location of inverters, provisions for the use of pesticides and herbicides on the site, the increase in generation from 110 megawatts to 149 megawatts and the waiver requests related to the preliminary site plan requirements.

Mr. Dicks further reviewed the details of the proposed siting agreement and the legislative process that led up to allowing this as an option available to the Board as part of the process. He also reiterated the details of the voluntary payment schedule and that in the end, the funds will be

available to be used for the already approved broadband project. He also advised that the total of voluntary payments beyond local taxes is \$7 million over the life of the project.

In closing, Mr. Dicks stated that Walnut Solar wants to be a good community partner and feels that they have made substantial financial commitments in the siting agreement, gone above and beyond their tax liability, made substantial commitments that cost money in the conditional use permit conditions and believe that by working together with staff and the board that they have come up with a project that is a win/win circumstance. The County gets reimbursement for its broadband expense and gets a good land use case that will not put a burden on county services. He started his comments by thanking the Board, the Planning Commission and staff and wanted to end his comments that way as well.

Chairman Simpkins opened the floor for public comments asking anyone speaking to state their name and the district they are from and to try to keep comments to three minutes.

Ann Marie Voight, Stevensville District – questioned the decibel levels reported by the applicant and what those levels will mean to the citizens in the area near the project and asked if COVID restrictions in place at the time of construction will be adhered to by the contractors in order to protect the safety of not only the people at the site but also the people in the community that they will interact with while here.

Jean Pratt, Buena Vista District – She is completely opposed to the project, the Cologne area is a small community and she is concerned with the noise during construction. There is a viable eagle population and many other types of wildlife use the ponds in the area. Why does it have to be in their neighborhood? She is concerned that the property values of adjacent and nearby properties will drop to zero.

Janae Taliaferro, representing the Taliaferro family in Buena Vista District, stated that the family is not for or against the project but they have questions about the project. She would like to have the opportunity to get some answers to questions regarding the proposed phasing, the impact of the increase wattage requested, the effect on property values and the possible impact on crops that are raised in adjacent property fields. She would ask that the Board consider all of these things before final approval of the CUP.

Arlene Taliaferro, Buena Vista District, she is opposed to the solar project for numerous reasons. She feels the project is a private nuisance to the community. She expressed concern with the water evaporation for the heat generated by the panels, the proposed agreement does not address 'Acts of God', the allowable noise level of 85 decibels is unacceptable, the tree plantings and the 100 foot buffer will do nothing to help the people who live near it all the time, the increased traffic on the rural roads, the property owners who will be benefiting from the project are not neighbors and will have to deal with what happens there. This project has been in the works since 2017 and she presented a petition from back then that was signed by 150 people in opposition to the project. She feels that it will be a 'black eye' on the County like the landfill. She asked if the county would sell itself for \$4 million. The county said no to the General Assembly by becoming a 2nd Amendment sanctuary, the board took action to place a moratorium on all future solar project applications after this one was received so why back down on this one? County staff and the Planning Commission have done a great job on getting the project to this point. She has no problem with solar power but it does not belong in a forest like where this project is proposed to be located. The Board needs to know every detail before making a decision.

Marilyn Hackett, Buena Vista District, she is opposed to the project. The area is beautiful and she came here and built a beautiful home but she would never have built here if she had known this could come here. The proposed two large water storage tanks will also have a negative effect on her beautiful views.

Bobby Alexander, Buena Vista District, he has lived in this community all of his life. He does not want to have to look at the ugly solar farm, he wants the community to be kept beautiful.

Martha Edwards Hart, Buena Vista District, she was originally opposed to the project but her mind has changed. This project provides clean energy. The Board, staff and the Planning Commission have listened to concerns and done a good job. She feels this project is a clean forward movement for King and Queen County and Virginia. She supports things that will not make King and Queen a suburb for larger cities in the surrounding area.

Kerry Basehore, Buena Vista District, he advised that he is not an adjacent landowner but he does support the project. He agreed with others who spoke that the County staff have done a great job and that solar energy is clean energy which will provide stability to the power grid. He is also glad to see that the project will help to move the broadband project along.

Michael Shackleford, Buena Vista District, he lives direct across the road from the project and is opposed to it. He doesn't want to look at solar panels every day and does not want what happened in Essex County to happen here.

Chairman Simpkins recognized the representative of the applicant to address concerns raised by those who spoke.

Mr. Chip Dicks came again to address the following concerns raised by citizens that spoke:

- 85 decibels is the level required by OSHA for required hearing protection. This will only be during construction and the County will control the enforcement of this.
- COVID precautions will be adhered to based on what is in place at the time of construction.
- Wildlife – A wildlife plan must be submitted to DGIF and the County for approval as part of the final site plan approval process.
- Phasing – Mr. Dicks explained that phasing has to do with the amount of land disturbance allowed at any given time during construction.
- Real Property Tax – He explained that the assessed values of property in the project area will increase rather than decrease based on the plan that is approved.
- Environmental issues are regulated by DEQ and the EPA as well as the County.
- He attempted to address Ms. Taliaferro's concerns in advance but she refused to meet with him. At this point they will have to agree to disagree.
- A traffic management plan will be approved as part of the final site plan process.
- As to the people who signed the petition at the beginning of the process may have changed their minds the project has progressed. Many items that people had concerns with have been addressed and will be included in the final site plan approval.
- To address Mr. Shackleford's comments he added that additional buffers are included for the area where he lives.

In closing Mr. Dicks stated that he looks forward to continue to work with staff and the community to move forward through the Conditional Use Permit process, the site plan approval and the siting agreement.

Hearing no further comments, Chairman Simpkins closed the public hearing.

Ms. Morris questioned how did Walnut Solar find King and Queen as a possible location for this project. Mr. Dicks responded that it is based on mapping that shows transmission lines and then looking at undeveloped areas and the ability to work with landowners.

Chairman Simpkins stated that if approved he felt that projects like this may lead to development in specific areas that would allow farmers to continue to farm other lands that may otherwise be used for development.

A motion was made by Mr. Burns and seconded by Ms. Morris to accept the recommendation of the Planning Commission to deny the application by Walnut Solar I, LLC for CUP18-01 and SP18-04 (preliminary site plan approval) with the requested waivers that the Planning Commission recommended be approved and as were discussed here tonight.

As discussion, Mr. Burns stated that his concerns include the change in the viewshed and that the company has 'thrown money' at the Board for the next fifteen to twenty years. The Buena Vista District is the most densely populated district and this project would take up 1/10th or this district. The Buena Vista district is already 10 years ahead of the growth projections for the county. He is not opposed to solar power generation, but no one anticipated a 1,700-acre project. This will be detrimental to hunting and wildlife. The project location is in the heart of his district and he will not sell his vote.

Ms. Morris stated that she has read the information and listened to the back and forth comments from everyone. She agrees with Mr. Burns' comments and also feels that when the when the land for this project is gone it is gone forever. People move to King and Queen because it is rural. She reiterated the point that the broadband project will be done with or without this project. She feels that comments made tonight have brought things to light for her. This project has caused flashbacks to the landfill, that the County is taking care of northern trash and now will be serving the north with power. She does not feel that King and Queen is the place for this project. The Planning Commission has done a fantastic job with their actions on the project. The state and federal agencies that have been named tonight by the applicant are just letters, no one from the agencies look at anything. The traffic concerns are real, trucks are real. The lady who built her home here and the people who signed the petition are real. The board should not sell out the county for \$4 million.

A roll call vote was taken.

AYES: D.H. MORRIS, J.M. BURNS

NAYS: S.C. ALSOP, J.L. SIMPKINS, R.F. BAILEY

A motion was made by Ms. Alsop and seconded by Mr. Bailey to reject the recommendation of the Planning Commission and approve the application by Walnut Solar I, LLC for CUP18-01 and SP18-04 (preliminary site plan approval) with the requested waivers that the Planning Commission recommended be approved and as were discussed tonight.

AYES: S.C. ALSOP, J.L. SIMPKINS, R.F. BAILEY
NAYS: D.H. MORRIS, J.M. BURNS

A motion was made by Ms. Alsop and seconded by Mr. Bailey to approve the proposed siting agreement and authorize the Chairman of the Board to execute on behalf of the Board.

AYES: S.C. ALSOP, J.L. SIMPKINS, R.F. BAILEY
NAYS: D.H. MORRIS, J.M. BURNS

Chairman Simpkins advised that the Board would not be voting on the appeal from a determination by the Planning Commission that this project as presented to the Planning Commission on December 2, 2019 was not substantially in accord with the King and Queen County Comprehensive Plan. Pursuant to §15.2-2316.9 of the Code of Virginia, the approval of the siting agreement deems that this project is substantially in accord with the Comprehensive Plan.

REAPPOINTMENT OF TOM SWARTZWELDER TO MIDDLE PENINSULA REGIONAL AIRPORT AUTHORITY (4 YEAR TERM)

A motion was made by Mr. Burns and seconded by Mr. Bailey to reappoint Tom Swartzwelder to the Middle Peninsula Regional Airport Authority for another 4-year term.

AYES: S.C. ALSOP, J.L. SIMPKINS, D.H. MORRIS, R.F. BAILEY, J.M. BURNS
NAYS: NONE

CARES FUNDS – ITEMS FOR SCHOOL DIVISION

Mr. Swartzwelder advised that due to limited availability, the Chromebooks that the school division had included in their original CARES program funds request will not arrive by the December 30, 2020 deadline for use of CARES funds. The board has already approved the use of the funds to purchase 600 hot spots to assist with distance learning. They have asked to use the remaining funds to cover the cost of the monthly services fees through the end of December.

A motion was made by Mr. Bailey and seconded by Mr. Burns to allow the school division to use up to \$25,000 for this continued service.

AYES: S.C. ALSOP, J.L. SIMPKINS, D.H. MORRIS, R.F. BAILEY, J.M. BURNS
NAYS: NONE

Mr. Swartzwelder advised that as the end of the time to utilize funds nears, staff is reevaluating programs that have been approved and the funds that may be available for other uses. At this time, it seems that there will be approximately \$100,000 in funds that may be unallocated due to various reasons in each program. He asked the board for permission to work with the school superintendent to come up with items or projects that can be received and/or completed within the time frame remaining. It was the consensus of the board that he move forward with this plan and report to the board at least every two weeks with a status of the reallocation of funds.

ITEMS BROUGHT FORTH BY BOARD MEMBERS

Mr. Burns advised that he is disappointed with the outcome of the solar project but had anticipated it. However, he feels that a lot of hard work was done to get the best deal that will benefit the entire County but it is a bad deal for the citizens who live near there. He understands that it is part of growth.

He also advised that his personal life has been very busy lately and that his business is growing. He asked that if other members of the board notice and feel that he is not meeting his duties, to please let him know.

Ms. Morris thanked everyone for coming out and speaking. She felt that many things had come to light at this meeting for example she had no idea before tonight that the county had been a part of lobbying at the General Assembly regarding solar.

Mr. Bailey advised that he had no comments.

Ms. Alsop also expressed her thanks for everyone coming out and speaking. The Board has worked hard and diligently on making the decision that were made tonight. She offered 'kudos' to Mr. Burns for his hard work on the solar project at the Board level as well as when on the Planning Commission.

She further advised that the volunteer rescue squads in the county do not have the access to the same sanitizing and disinfecting supplies as the paid county staff. She asked if it would be possible to utilize some of the county CARES funds to provide some of the electrostatic sprayers and disinfectant to them. It was the consensus of the Board to allow staff to proceed with this use of these funds.

She further advised that she was very appreciative of the Board allowing her to continue to participate in the meetings remotely while still under doctor's orders to stay home. Even though it is not the same as being there in person she is still able to do her part. She also asked that everyone continue to do their part to stay healthy.

Mr. Simpkins thanked everyone for coming and speaking. He also thanked Mr. Burns for working so hard on the solar project. He asked everyone to be careful going home and thanked the Board and the citizens who spoke for being civil and working together even when they disagree.

IT IS ORDERED THAT THIS BOARD BE ADJOURNED

A motion was made by Ms. Morris and seconded by Mr. Burns to adjourn the meeting.

J. Lawrence Simpkins, Chairman

Clerk of the Board

**King and Queen County
Board of Supervisors Meeting
Monday, November 16, 2020**

7:00 P.M.

**Regular Meeting
King and Queen County Courts and Administration Building
General District Courtroom**

Minutes of the Meeting

INVOCATION AND PLEDGE OF ALLEGIANCE TO THE FLAG OF THE UNITED STATES

Chairman Simpkins called the regular meeting to order. Attendance at the meeting by the Board was recorded as follows:

Members in attendance at the Court House: Jim Burns, Lawrence Simpkins, Rusty Bailey and Doris Morris.

Member Sherrin Alsop in attendance via video due to health concerns related to the COVID19 virus.

Lawrence Simpkins provided the Invocation and led the Pledge of Allegiance to the Flag of the United States.

APPROVAL AND SIGNING OF THE SEPTEMBER 28, 2020 MINUTES OF THE BOARD

A motion was made by Mr. Burns and seconded by Ms. Alsop to approve the September 28, 2020 minutes of the Board.

AYES: S.C. ALSOP, J.L. SIMPKINS, J.M. BURNS

NAYS: NONE

ABSTAIN: R.F. BAILEY, D.H. MORRIS

It was noted that the October regular meeting was cancelled so there were no minutes to approve for that meeting.

APPROVAL AND SIGNING OF THE NOVEMBER 2020 WARRANTS AND APPROPRIATIONS

APPROVAL OF COUNTY WARRANTS FOR THE MONTH OF NOVEMBER

A motion was made by Mr. Bailey and seconded by Ms. Alsop to approve, subject to audit, the County warrants for the month of November.

AYES: S.C. ALSOP, J.L. SIMPKINS, J.M. BURNS, R.F. BAILEY

NAYS: D.H. MORRIS

APPROPRIATION OF FY21 REVENUE TO THE SCHOOL FUND IN THE AMOUNT OF \$471,151.32.

A motion was made by Ms. Alsop and seconded by Mr. Bailey to approve the appropriations to the School Fund in the amount of \$471,151.32, subject to audit.

AYES: S.C. ALSOP, J.L. SIMPKINS, J.M. BURNS, D.H. MORRIS, R.F. BAILEY

NAYS: NONE

PUBLIC COMMENT PERIOD

Michael Cook, Buena Vista District – Mr. Cook spoke expressing his concern for a violation on his neighbors' property. His first concern being that when he spoke with Mr. Swartzwelder regarding the concern that he laughed at him and that he did not appreciate this. He claims that his neighbor has installed illegal groins on their property and that the violation has caused the sand on his beach to be gone. He stated that multiple county staff have been out to the site and that they all either claim they don't see an issue or they try to find something that has been done wrong on his property. He also stated that there is a building on his neighbor's property that is too close to the property line. Most recently someone went out but it was at mid tide and so they claimed they could not see the problem. He feels that there is a cover up going on. He stated that he prayed a lot over things before coming to speak.

PRESENTATION/NEW PRESIDENT AND CEO OF RAPPAHANNOCK ELECTRIC

Mr. John Hewa came before the Board to introduce himself and to give an update on things REC have been doing.

Ms. Alsop questioned the new transmission lines and poles in the Newtown area that are in Caroline County but not in King and Queen County as well as the potential for broadband access on the REC equipment in the same area of the County. Mr. Hewa advised that he will look into the matter and respond once he has more information.

Ms. Morris commented on the better service provided in her area by REC over Dominion Energy and whether or not they could expand their service to more people in her area. Mr. Hewa advised that the service areas are set by the SCC and unfortunately, he cannot control whether or not service areas are changed.

QUARTERLY REPORTS

The Board received reports from the following:

- The Sheriff had provided his report in advance but was available for any questions. Chairman Simpkins questioned the decrease in calls during August and September. The Sheriff advised that things has slowed down recently and also during several previous months there was grant funding available for special enforcement and these funds are not currently available.

- Vanessa Porter, Clerk of Circuit Court had also provided her report in advance but was available for questions. Chairman Simpkins acknowledged and commended her office for the recent clean audit report.
- Betty Dougherty provided the following report on the CSA Program:

We had a good year with the Children's Services Act Program in FY 20. That budget year closed out September 30, 2020. The 2021 budget year began on July 1, 2020. This is our only program that has budget years crossing over each other for 3 months of the year. We have a very active Family Assessment and Planning Team "FAPT" and Community Policy and Management Team "CPMT." We have turned our focus to increase prevention efforts and have experienced some success in our work in partnership with the schools regarding truancy. Our teams have not missed a beat in providing services to children and families during the pandemic. In FY 20, we began the year with a budget of \$750,000. Our total expenditures were \$388,407. We served a total of 17 children, 6 males and 11 females. The majority were in the range of 13-17 years of age, followed closely by the age range of 7-12. Two of our mandate types, foster care and special education consumed the majority of the budget, which is consistent with previous years in King and Queen, and is a common trend across the state of Virginia. We served 10 special education students with \$321,608 and 6 prevention/foster care children with \$57,362. The remainder of the funds was for children in need of other services. Our Program Coordinator, Brittany Lawson, developed a presentation on the Children's Services Act for professionals and the community. She would be honored to share that with you at a workshop upon your request.

- Dr. Carol Carter provided the following report:
 - She first thanked the Board for providing the school division with some of their CARES funds to support their COVID programs.
 - Their current ADM is 849, the FY21 budget is based on an ADM of 776 and as of October 31st the total enrollment including VAVA, Pre-k and K through 12 students is 888.
 - Delegate Keith Hodges visited KQES and CHS recently.
 - Thanked Broadus Baptist Church for new playground equipment at LMES.
 - The school division is continuing with the hybrid as well as virtual models. They are granting transitioning from virtual to hybrid as long as they are still able to meet social distancing requirements.
 - Hot spots and Chromebooks have been issued to all students and staff that have requested them.
 - Conditioning for winter sports has begun. Sports schedules have not been set yet.
- Jeff Davison of Republic Services advised that he had provided a report in advance but he also provided an update on tonnages for the 3rd quarter stating that totals are up and the next is trending to be the same. Host fees for the year are just over \$1.2 million. Annual donation to volunteer fire and rescue agencies are scheduled to go out in December. All state and federal agency inspections this year have gone without any deficiencies noted. The gas expansion project is approximately 75% complete and should be finished in December. There are several other projects going on being cleaning out of sediment basins, winter seeding and leachate leaving the site has been 14.3 million gallons so far this year and is expected to be 17 million by the end of the year. He advised that he has not had any reports of truck traffic using the wrong routes for some time and hopes it will continue to be this way.

Chairman Simpkins questioned if the rainfall this year has affected them, yes with 35 inches of rain this year it has been quite a challenge.

Ms. Morris asked if they could try to remind the independent haulers that the speed limit on Route 614 is 35 mph. and that she has been receiving complaints about trucks speeding.

- Joyce McGowan advised that her report was provided in advance but she would be glad to address the resolution for the rural rustic road that is also on the agenda.

The Board moved to the next item on the agenda.

VDOT RESOLUTION – DEWSVILLE ROAD/RURAL RUSTIC ROAD DESIGNATION

In response to Ms. Morris' question regarding why this road was being chosen, Ms. McGowan advised that as part of the six-year road plan this road was added to the plan as the next one eligible based on traffic counts. The funding is available and VDOT is ready to begin improvements to the road, they just need the resolution as documentation that the road does qualify for this program.

A motion was made by Ms. Alsop and seconded by Mr. Burns to approve the resolution as presented.

AYES: S.C. ALSOP, J.L. SIMPKINS, J.M. BURNS, D.H. MORRIS, R.F. BAILEY

NAYS: NONE

BUDGET AMENDMENT – SHERIFF'S DEPARTMENT/\$500 BONUS FOR LAW ENFORCEMENT OFFICERS

The county has been notified by the State Compensation Board that a one-time bonus in the amount of \$500/officer has been approved for all Compensation Board funded officers. The Sheriff is requesting that the same bonus be provided to County and grant funded positions as well. The total cost will be \$7,535.50 with \$3,767.75 being local funds if the County and grant positions are included. The County Administrator advised that regardless of whether or not the County and grant funded positions are included a public hearing is required in order to provide bonuses to any County employees however the Board needs to provide direction on whether or not they want to include those positions in order to run the ads for the public hearing.

A motion was made by Ms. Morris and seconded by Mr. Bailey to set the December meeting as the date for the public hearing and to include the County and grant funded positions as well.

AYES: S.C. ALSOP, J.L. SIMPKINS, J.M. BURNS, D.H. MORRIS, R.F. BAILEY

NAYS: NONE

MIDDLE PENINSULA REGIONAL SECURITY CENTER REQUEUST FOR CARES FUNDS

Tim Doss, Superintendent at the Middle Peninsula Regional Security Center (the jail) is requesting CARES funds to help cover the significant expenses incurred due to increased health and safety precautions put in place to protect staff and inmates at the jail during the COVID 19 pandemic. Mr. Doss had provided a letter detailing the costs to date and is requesting \$15,000 from each member jurisdiction.

Ms. Morris questioned if the other member jurisdictions have pledged their amounts yet. Mr. Swartzwelder advised that he is not sure whether they all have but that at least two have pledged more than requested since they have the extra funds available from their allocations.

A motion was made by Mr. Burns and seconded by Ms. Alsop to approve the request for \$15,000 in CARES funds to be allocated to the jail.

AYES: S.C. ALSOP, J.L. SIMPKINS, J.M. BURNS, D.H. MORRIS, R.F. BAILEY
NAYS: NONE

SET DATE FOR PUBLIC HEARING/PURCHASE OF FIRE TRUCK FOR LOWER KING AND QUEEN VOLUNTEER FIRE DEPARTMENT

Mr. Swartzwelder reminded the Board that this purchase is part of the negotiated deal for the purchase of the fire station in Shackelfords. The department is in the process of finalizing the details of the fire truck that they wish to purchase. Since the total cost, which will include the loan to the department for the difference between the cost of the property and the cost of the truck, will be approximately \$500,000 the budget amendment will require a public hearing.

A motion was made by Mr. Burns and seconded by Ms. Morris to set the December 14, 2020 regular board meeting as the date for this public hearing.

AYES: S.C. ALSOP, J.L. SIMPKINS, J.M. BURNS, D.H. MORRIS, R.F. BAILEY
NAYS: NONE

APPOINTMENTS TO VARIOUS BOARDS AND COMMISSIONS

Economic Development Authority/Stevensville District – Table

VPPSA Board – A motion was made by Ms. Alsop and seconded by Mr. Burns to reappoint Tom Swartzwelder to the VPPSA Board for a two-year term.

AYES: S.C. ALSOP, J.L. SIMPKINS, J.M. BURNS, D.H. MORRIS, R.F. BAILEY
NAYS: NONE

CPMT – Betty Dougherty provided documentation requesting the appointment of Melissa South to the CPMT to fill the vacant private provider position. A motion was made by Mr. Burns and seconded by Mr. Bailey to appoint Melissa South to the CPMT as a private provider.

AYES: S.C. ALSOP, J.L. SIMPKINS, J.M. BURNS, D.H. MORRIS, R.F. BAILEY
NAYS: NONE

Planning Commission/Stevensville District – Ms. Morris advised that she had been contacted by Robbie Coleman regarding his appointment to the Planning Commission. His appointment is set to expire in January and he is willing to serve another term. A motion was made by Ms. Morris and seconded by Mr. Bailey to reappoint Robbie Coleman to the Planning Commission for a four-year term expiring November 16, 2024.

AYES: S.C. ALSOP, J.L. SIMPKINS, J.M. BURNS, D.H. MORRIS, R.F. BAILEY

NAYS: NONE

COUNTY ADMINISTRATOR'S COMMENTS

Thomas Swartzwelder, County Administrator, provided the following comments:

- The Pamunkey Regional Library has advised that Joy Harvey has resigned. They are willing to make recommendations of replacements for her but the Board will need to appoint someone.
- MPNNCSB has advised that Rosalyn Trent's term is expiring soon. The Board will need to decide if they want to reappoint her or consider a new appointment.
- The telework center project is slowly moving forward. It is expected that the project will be ready to go out for bid in either December or January depending on the results of the telehealth study component.
- Dominion Energy needs to replace the transformer located on the pier property and has asked for an easement for the new utility area.

A motion was made by Mr. Burns and seconded by Ms. Morris authorizing the County Administrator to sign the easement documents.

AYES: S.C. ALSOP, J.L. SIMPKINS, J.M. BURNS, D.H. MORRIS, R.F. BAILEY

NAYS: NONE

- Advised that it is time again to update the All Hazards Mitigation Plan. This update has historically been handled by the MPPDC and he has been advised that the cost for this would be \$972.

A motion was made by Ms. Alsop and seconded by Mr. Bailey to approve having the MPPDC prepare this document again and to appoint Donna Sprouse and Greg Hunter as the review committee and authorize Tom Swartzwelder to execute the contract with the MPPDC.

AYES: S.C. ALSOP, J.L. SIMPKINS, J.M. BURNS, D.H. MORRIS, R.F. BAILEY

NAYS: NONE

- Provided an update on the recent purchases made on behalf of the school division using CARES funds. Most of the items have been for bathroom upgrades.
- Advised that the broadband crews will be breaking ground tomorrow. They are running 32 miles of fiber on Routes 14 and 721. There will be 10 crews working in the County to meet the December 30 deadline for the portion to be paid using CARES funds. Riverstreet has leased a site in the Bohannon Business Park for a staging area.
- Advised that there have been two new hires within the Admin office filling the vacant positions in Finance and Zoning.
- Asked for guidance on the processing of the December payroll. This has historically been done on the last working day before Christmas. It was the consensus of the Board to move it to the last working day of the month to be in line with all other months in the year.
- Advised that since the regular meeting in November was moved to the third Monday he does not have items for the work shop agenda. It was the consensus of the board to cancel the November work shop meeting and to authorize the payment of the recurring warrants and to ratify them at the December meeting.

BOARD OF SUPERVISOR'S COMMENTS

Ms. Alsop had the following comments:

- Thanked everyone for coming and also thanked the Board for continuing to allow her to attend remotely. She has been staying involved by attending webinars and she recently attended the VACO conference which was virtual this year as well.
- Thanked everyone for comments after her recent surgery.
- Wished everyone a safe trip home.

Ms. Morris had the following comments:

- Thanked everyone for coming and thanked Dr. Carter for the report on the schools.
- Asked for an update on when the Board members would get their new iPad.
- Wished everyone a safe trip home and see all next month.

Mr. Burns had the following comments:

- Thanked everyone for the reports and for those who have stepped up to serve on boards and committees.
- Asked that now that the Board has the update on the KQES project that this keep moving forward.
- Expressed that with the fiber project moving forward that it is going to make the County grow. It will increase residential growth and the County needs to be prepared for it.
- Thanked everyone for coming and commented to Mr. Cook that he will look into the concerns that he raised.

Mr. Bailey had the following comments:

- Thanked everyone for the reports, everyone be safe going home and see them in December.

Mr. Simpkins has the following comments:

- Thanked everyone for the reports and complimented the Commissioner and Clerk of Circuit Court on the clean audit reports for their offices.
- Commented that the school division had offered an extra hot spot to him and he took it to use for County business to see what the students are having to deal with using for virtual learning.
- Read a thank you note received from the family of Shirley Boyer.

IT IS ORDERED THAT THIS BOARD BE ADJOURNED

A motion was made by Mr. Bailey and seconded by Mr. Burns to adjourn the meeting.

J. Lawrence Simpkins, Chairman

Clerk of the Board

AGENDA: *December 14, 2020 Regular Meeting*

ITEM #3:

Approval and signing of December 2020 warrants and appropriations.

ACTION REQUESTED:

1. Ratification of November recurring warrants
2. Approval of County warrants
3. Appropriation of FY21 November revenue to the School Division in the amount of \$863,486.32
4. Quarterly appropriation to School Food Services fund in the amount of \$87,654.25

ATTACHMENTS:

- November Recurring Warrants
- County Warrants (Payroll and Accounts Payable)
- FY21 November Revenue/School Division
- Quarterly Appropriation Request/School Food Services
- School AP reports for October (Informational Only)

the 1990s, the number of people in the UK who are aged 65 and over has increased from 10.5 million to 13.5 million (10.5% of the population to 13.5% of the population).

There are a number of reasons for this increase. One of the main reasons is that people are living longer. The life expectancy at birth in the UK is now 77 years for men and 81 years for women. This is an increase of 12 years since 1950. The increase in life expectancy is due to a number of factors, including improvements in diet, lifestyle, and medical care.

Another reason for the increase in the number of people aged 65 and over is that people are having children later in life. This means that there are more people in the 65-74 age group than there were in the 1950s.

The increase in the number of people aged 65 and over has led to a number of challenges for society. One of the main challenges is the need for more care and support for the elderly.

There are a number of ways in which society can meet the needs of the elderly. One way is to provide more care and support in the community. This can be done through a number of different methods, including home care, day care, and residential care.

Another way to meet the needs of the elderly is to provide more financial support. This can be done through a number of different methods, including state pensions, private pensions, and social security.

The increase in the number of people aged 65 and over is a significant challenge for society. It is important that we find ways to meet the needs of the elderly in a sustainable and effective way.

There are a number of ways in which we can meet the needs of the elderly. One way is to provide more care and support in the community. This can be done through a number of different methods, including home care, day care, and residential care.

\$219,696.84

and a more general and direct assessment of the impact of the program. The program has been operating since 1998, and, as noted previously, it has not been evaluated in detail. The authors are aware of one study that has assessed the program's effectiveness in terms of employment and income (Heston and Johnson 2005). The authors of this paper have been asked to assess the program's impact on the health of participating and nonparticipating women. The authors are also asked to provide an overview of the program. The authors will describe the program's goals and objectives, its structure, and its implementation. They will also discuss the program's impact on the health of participating and nonparticipating women, and they will discuss the program's impact on the health of the community as a whole.

1.1

The program's primary goal is to improve the health of participating women and their families. The program's secondary goal is to improve the health of the community as a whole. The program's tertiary goal is to improve the health of the country as a whole. The program's primary objective is to improve the health of participating women and their families. The program's secondary objective is to improve the health of the community as a whole. The program's tertiary objective is to improve the health of the country as a whole.

The program's primary objective is to improve the health of participating women and their families. The program's secondary objective is to improve the health of the community as a whole. The program's tertiary objective is to improve the health of the country as a whole. The program's primary objective is to improve the health of participating women and their families. The program's secondary objective is to improve the health of the community as a whole. The program's tertiary objective is to improve the health of the country as a whole.

The program's primary objective is to improve the health of participating women and their families. The program's secondary objective is to improve the health of the community as a whole. the 1990s, the number of people with a mental health problem has increased in the UK (Mental Health Act 1983, 1990).

There is a growing awareness of the need to improve the lives of people with mental health problems. The Department of Health (1999) has set out a strategy for mental health care, which includes a commitment to improve the lives of people with mental health problems.

The aim of this paper is to describe the development of a self-help manual for people with mental health problems.

The paper is organized as follows. First, we describe the development of the manual. Then, we describe the manual and the results of a pilot study.

Finally, we discuss the implications of the manual for mental health care and the need for further research.

Background

The Department of Health (1999) has set out a strategy for mental health care, which includes a commitment to improve the lives of people with mental health problems.

The aim of this paper is to describe the development of a self-help manual for people with mental health problems.

The paper is organized as follows. First, we describe the development of the manual. Then, we describe the manual and the results of a pilot study.

Finally, we discuss the implications of the manual for mental health care and the need for further research.

Development

The manual was developed as part of a research project funded by the Department of Health (1999).

The project was led by the first author, who is a senior lecturer in the School of Psychology, University of Birmingham.

The project was a collaboration between the first author and a group of people with mental health problems.

The group was made up of people with a range of mental health problems, including depression, anxiety, and schizophrenia.

The group was involved in the development of the manual from the beginning to the end.

The manual was developed in a number of stages. First, the group identified the topics that they wanted to cover.

Then, the group wrote the manual. The manual was written in a simple and easy-to-understand style.

The manual was then piloted with a group of people with mental health problems. The results of the pilot study are discussed below.

Manual

The manual is a self-help manual for people with mental health problems. It is written in a simple and easy-to-understand style.

The manual covers a range of topics, including depression, anxiety, and schizophrenia. It also covers general information about mental health problems.

The manual is divided into chapters. Each chapter covers a different topic. The chapters are: Introduction, Depression, Anxiety, Schizophrenia, and General Information.

The manual is written in a simple and easy-to-understand style. It is written in a way that is easy for people with mental health problems to understand.

The manual is written in a way that is easy for people with mental health problems to understand. It is written in a way that is easy for people with mental health problems to understand.

Results

The results of the pilot study are discussed below. The manual was piloted with a group of people with mental health problems.

the 1990s, the number of people who have been employed in the public sector has increased in all countries.

There are a number of reasons for the increase in public sector employment. One reason is that the public sector has become a more important part of the economy. In many countries, the public sector now provides a significant portion of the total output. Another reason is that the public sector has become a more attractive place to work. This is due to a number of factors, including the fact that the public sector is often seen as a more stable and secure place to work.

There are also a number of reasons for the increase in public sector employment in the 1990s. One reason is that the public sector has become a more important part of the economy. In many countries, the public sector now provides a significant portion of the total output. Another reason is that the public sector has become a more attractive place to work.

This is due to a number of factors, including the fact that the public sector is often seen as a more stable and secure place to work. None

the 1990s, the number of people in the world who are undernourished has increased from 600 million to 800 million.

There are a number of reasons for this increase. One of the main reasons is the rapid population growth in the developing countries. The world population is expected to reach 8 billion by the year 2025, with a significant increase in the number of people living in the developing countries.

Another reason is the increasing demand for food. As the population grows, the demand for food also increases. This is particularly true in the developing countries, where the population is growing rapidly and the food supply is not keeping pace with the demand.

There are also a number of other factors that contribute to the increase in undernourishment. These include the increasing cost of food, the loss of arable land, and the increasing incidence of drought and other natural disasters.

It is clear that the problem of undernourishment is a serious one and one that requires urgent attention. There are a number of things that can be done to help reduce the number of people who are undernourished. These include increasing food production, improving food distribution, and providing food aid to the most vulnerable people.

One of the most important things that can be done is to increase food production. This can be done by increasing the amount of land that is used for agriculture, by improving the yields of crops, and by using more efficient farming practices.

Another important thing that can be done is to improve food distribution. This can be done by reducing the loss of food during transport and storage, and by ensuring that food is available to all people who need it.

Finally, it is also important to provide food aid to the most vulnerable people. This can be done by providing food to people who are unable to buy food for themselves, or by providing food to people who are unable to grow their own food.

There are a number of organizations that are working to reduce the number of people who are undernourished. These include the United Nations World Food Programme, the International Fund for Agricultural Development, and the World Bank.

It is clear that the problem of undernourishment is a complex one and one that requires a multi-faceted approach. However, if we work together, we can make a difference and reduce the number of people who are undernourished.

The following table shows the number of people who are undernourished in different parts of the world in 1990 and 2000. The table shows that the number of people who are undernourished has increased in all parts of the world, with the largest increases in the developing countries.

The following table shows the percentage of the population that is undernourished in different parts of the world in 1990 and 2000. The table shows that the percentage of the population that is undernourished has increased in all parts of the world, with the largest increases in the developing countries.

ITEM #5:

Director of Social Services and School Superintendent Reports

ACTION REQUESTED:

The Board will receive reports from Betty Dougherty & Dr. Carol Carter

ATTACHMENTS:

- Social Services Report
- School Superintendent Report
- Treasurer's Report

Social Services Report

Pandemic Services

We are continuing to operate as we have since the end of March 2020. The majority of the emergency orders and waivers for programs remain in place. Our employees are continuing to perform all of their mandated duties with the additional responsibilities of the County Cares programs and the other non-mandated community services that we regularly provide, such as the holiday programs. All Social Service employees are carrying on with due diligence and providing great customer service with their workload.

CPS Mandated Reporter Portal

The Virginia Department of Social Services' Division of Family Services has released a new Mandated Reporter Portal, which provides a streamlined easily accessible way for Mandated Reporters in Virginia to submit reports of suspected abuse and neglect of children.

The Portal can be accessed at <https://vacps.dss.virginia.gov/>. There is also a brief video at <https://youtu.be/hkbSl4XKVrE> providing an overview of the new Portal. We have been pushing out this information to our Mandated Reporter constituents to ensure they are aware of this new reporting option.

Some of the benefits of using the Mandated Reporter Portal include:

- Reduced wait time for Mandated Reporters making a report; online offers a quicker option to file a report;
- Mandated Reporters create a secure account, which will minimize the amount of time needed in making subsequent reports;
- Information will be more accurate, entered directly by the Mandated Reporter.

Energy Assistance "Crisis"

The crisis component of the Energy Assistance Program began November 1, 2020 and will end on March 15, 2021. Applications are accepted online, through the Enterprise Customer Service Center, and at local departments of social services during that time period for the following:

- One time only heat security deposit and/or heating equipment repair/purchase. Assistance is based on the availability of funds.

Social Services Report

- Applications are accepted online, through the Enterprise Customer Service Center, and at local departments of social services from the first workday in January through March 15 for the purchase of home heating fuel and the payment of heat utility bill. Assistance is based on the availability of funds.

King and Queen CARES Funding

We still have funding available to assist King and Queen residents with rent, mortgage, food, and other emergency expenses related to COVID. To apply for assistance, they can call our front desk and ask for service intake. I will have a report for your January meeting detailing total CARES expenditures and number served for 2020.

2020 Christmas Wishes Program

The Christmas Wishes Program is in full swing. At this point in time, it appears that we will be able to serve the same average number of children and older adults that we usually serve for the holidays. Even a pandemic cannot impede the generosity of our wonderful citizens, churches, and businesses.

of the study. The authors are grateful to the staff of the National Institute for Research in Dementia (NIRD) for their assistance in the data collection.

2020 VSBA GREEN SCHOOLS CHALLENGE WINNERS ANNOUNCED

18 School Divisions Certified as "Green School Divisions"

October 29, 2020 - Three school divisions received top awards in the 2020 Virginia School Boards Association's (VSBA) Green Schools Challenge, a friendly competition designed to encourage implementation of specific environmental policies and practical actions that reduce the carbon emissions generated by both the local school division and the broader community. This is the eleventh year the awards were given out.

The three student population category winners were recognized today during a Virtual Awards Ceremony for the participating divisions. In addition, 18 school divisions were recognized as being Certified Green School Divisions by implementing new actions and adopting new policies that earn the divisions "green points". The VSBA Green Schools Challenge was sponsored by Moseley Architects and ABM Education.

Green Schools Challenge Winners

- Nottoway County Public Schools (*Student Population Under 5,000*)
- Henry County Public Schools (*Student Population 5,001 – 10,000*)
- Prince William County Public Schools (*Student Population 10,001 & Up*)

VSBA Certified Green School Divisions

Platinum Certification (175-200 points)

Arlington County Public Schools
Fairfax County Public Schools
Frederick County Public Schools
Isle of Wight County Public Schools
Nottoway County Public Schools
Patrick County Public Schools
Prince George County Public Schools
Prince William County Public Schools
Virginia Beach City Public Schools

Rivanna Ridge Professional Building
200 Hansen Road, Suite 2
Charlottesville, VA 22911

Gold Certification (150-174 points)

Chesapeake City Public Schools
Gloucester County Public Schools
Halifax County Public Schools
Henry County Public Schools
King and Queen County Public Schools
Shenandoah County Public Schools
West Point Town Public Schools

Silver Certification (125-149 points)

Caroline County Public Schools
Henrico County Public Schools

About the Virginia School Boards Association

The Virginia School Boards Association, a voluntary, nonpartisan organization of Virginia school boards, promotes excellence in public education through advocacy, training and services. The Association offers conferences, information, training, and counseling designed to meet the needs of the Commonwealth's educational leaders.

###

King and Queen County Public Schools **Status of the Schools Dec. 2020**

Current Data:

Data includes PK students

CHS

212 Enrolled:

69/212 = 32.5% virtual

142/212 - 67% hybrid

LMES:

228 Enrolled:

96/228 = 42.1% virtual

132/228 = 57.8% hybrid

KQES:

202 Enrolled

66/202 = 32.7% virtual

136/202 = 67.3 hybrid

Surveys to Staff of KQES & LMES addressing change for second semester (extend the day to 3:00 P.M., stay the same, allow hybrid students to return 4 days a week). Survey to CHS staff addressing change for second semester (8th grade students split between B and C days to a rotation of B/C instead of A/B/C or keep the instructional day the same.

Also, surveys contained an open-ended question to provide additional comments or ideas that should be taken into consideration. As we allow more students to return, this will also impact transportation.

Survey to Virtual and Hybrid families – open enrollment period for virtual to return hybrid or hybrid to go virtual, addressing adding more instructional time at elementary to include time change or 4 days a week and the same at the high school to move to a B/C rotation instead of A/B/C.

I will be reporting out the results at the December Board meeting.

Athletics: Currently we are moving forward with a winter sports schedule to include Boys and Girls Basketball, possibly wrestling, cheerleading, and Scholastic Bowl. The Governor's Executive Order does not apply to School Board meetings and staff meetings at the school. However, the order does apply currently to indoor sports with a limit of 25 spectators of home players. We are currently discussing how many will be allowed per athlete.

Several divisions in our region have voted to not participate in winter sports. We are currently having conditioning and we are scheduled to start practice on December 7 per VHSL rules.

Thank you for taking the time to spend with students about furthering their education. Most students don't have that special someone to help show them the path to success! You help them with their applications, getting grants, and knowing what they truly want to be when they GrOW Up!!! If it wasn't for you, I don't think many would pursue a higher education without the extra help. Thank you for believing in our **ROYAL TIGERS**!!

Thank you for letting us come to visit your library. We love going there. Our families look forward to getting books from the library. Thank you for sharing with us. We will take good care of the books so other people can enjoy them too.

From the Pre-K class at King and Queen Elementary School.

Gratitude Journals

the 1990s, the number of people with a university degree has increased in all countries, but the increase has been most pronounced in the Netherlands.

As a result of the increase in the number of people with a university degree, the average educational level of the population has risen. The average educational level is defined as the number of years of schooling that a person has completed.

Figure 1 shows the average educational level of the population in the Netherlands, Germany, and the United Kingdom from 1970 to 1995.

The average educational level of the population in the Netherlands has risen from 10.5 years in 1970 to 12.5 years in 1995.

The average educational level of the population in Germany has risen from 10.5 years in 1970 to 11.5 years in 1995.

The average educational level of the population in the United Kingdom has risen from 10.5 years in 1970 to 11.5 years in 1995.

The average educational level of the population in the Netherlands has risen more than in Germany and the United Kingdom.

The average educational level of the population in the Netherlands has risen more than in Germany and the United Kingdom.

AGENDA: *December 14, 2020 Regular Meeting*

ITEM #6:

Hearing/Budget Amendment for the Purchase of Fire Truck for Lower King and Queen Fire Department.

ACTION REQUESTED:

Ask County Administrator to provide proof of publication and background information.

Open the public hearing for comments from citizens regarding the proposed amendment.

After hearing all comments, close the public hearing.

The Board needs to approve or disapprove the budget amendment and appropriation of \$500,000 for the purchase of the truck for Lower Fire.

ATTACHMENTS:

- Public Hearing Notice

**Notice of Public Hearing
King and Queen County
Board of Supervisors**

Pursuant to Section 15.2-2507 of the Code of Virginia the King and Queen County Board of Supervisors will hold a public hearing at their regular monthly meeting scheduled for Monday, December 14, 2020 at 7:00 p.m. in the King and Queen County Courts and Administration Building, General District Courtroom, King and Queen Court House, Virginia for the purpose of the following amendments to the FY2020-2021 adopted Budget:

- **Budget Amendment – Purchase of Rescue Squad building by County and purchase of Fire Truck** – To amend the County Capital Project Budget in the amount of \$500,000 to assist Lower King and Queen Volunteer Fire and Rescue Department (the “Department”) with the purchase of a new fire engine. Of this amount, \$309,500 represents the purchase price of the Shackelfords Volunteer Fire and Rescue building and grounds (250 Bohannon Park) that the County purchased from the Department. The remaining \$190,500 will be in the form of a secured loan to the Department.

Pursuant to Section 15.2-1508 of the Code of Virginia the King and Queen County Board of Supervisors will hold a public hearing at their regular monthly meeting scheduled for Monday, December 14, 2020 at 7:00 p.m. in the King and Queen County Courts and Administration Building, General District Courtroom, King and Queen Court House, Virginia for the purpose of adopting an ordinance for the following action:

- **One-time Bonuses to Law Enforcement Officers** – The Virginia Compensation Board approved a onetime \$500 bonus to be paid to all Compensation Board funded law enforcement officers effective December 1, 2020. The Sheriff currently has 14 law enforcement positions, seven are funded by the Compensation Board and seven are funded either by the County or by grants. The total cost of the bonus for all 14 positions, including applicable payroll taxes, is \$7,535.50. Compensation Board funding will cover \$3,767.75 and the local cost for non-Compensation Board positions is \$3,767.75.

All citizens of the County have the right to attend and share their views thereon, subject to reasonable time limits as shall be determined by the Board of Supervisors. Information pertaining to the proposed budget amendment and ordinance are available in the County Administrator’s Office in the King and Queen County Courts and Administration Building, Monday through Friday from 9:00 a.m. to 5:00 P.M.

AGENDA: *December 14, 2020 Regular Meeting*

ITEM #7:

Public Hearing to Adopt an Ordinance to pay a one-time \$500 Bonus for Law Enforcement Officers

ACTION REQUESTED:

The Code of Virginia requires the adoption of an ordinance in order to pay any bonus to County employees. Adoption of such ordinance requires a public hearing.

County Administrator will provide background information and proof of publication.

Open the public hearing for comments from citizens regarding the proposed ordinance.

After hearing comments close the public hearing.

If the Board chooses to adopt the ordinance, they also need to approve the budget amendment and appropriation of the funds.

ATTACHMENTS:

- Draft Ordinance
- Budget Amendment form
- Request letter from Sheriff Charboneau
- Communications from Compensation Board
- Public Hearing Notice
- Code of Virginia section relating to bonuses for County employees

Sec. 2-32.1 – Sheriff’s Department Bonus

The Virginia Compensation Board approved a onetime \$500 bonus to be paid to all Compensation Board funded law enforcement officers effective December 1, 2020.

In accordance with Code of Virginia, § 15.2-1508, the board of supervisors of King and Queen County hereby grants a onetime bonus of \$500.00 to all full time Law enforcement officers employed on December 1, 2020.

RE: \$500. Bonus for Law Enforcement Officers
FY20-21 Budget Supplement

Dear Board of Supervisors,

We have received notification that the Virginia Compensation Board has approved for all Certified Law Enforcement Officers to receive a \$500. bonus this budget year, to be paid in December 2020.

In an effort to be fair in compensating all of our officers, I am asking the Board of Supervisors for a supplement to the current Sheriff's Office Budget. We have 7 Compensation Board LE positions and 7 County funded LE positions to be considered. I am asking for \$3,500., plus FICA and benefits. I greatly appreciate your time and consideration.

Respectfully,

Sheriff John R. Charboneau

MEMORANDUM

TO: Sheriffs and Regional Jail Superintendents
City Managers and County Administrators

FROM: Robyn M. de Socio, Executive Secretary

SUBJECT: FY21 ESTIMATES OF 12/1/2020 BONUS PAYMENT FUNDING

In keeping with the Compensation Board's practice of providing estimates for funding initiatives approved by the General Assembly impacting the budgets of constitutional officers, I am providing you with an estimate of costs to be budgeted and reimbursed for a \$500 bonus payment on December 1, 2020 for Compensation Board funded sworn sheriffs, deputies and regional jail officers.

These estimates are based upon funding approved by the 2020 Special Session I of the General Assembly, and Compensation Board funded and filled sworn positions as of November 5, 2020. In reviewing this estimate, please consider the following:

- These figures do not represent approved budgeted amounts at this time. The Governor sent his amendments to the legislature on November 5, 2020 for the budget they approved on October 16, 2020, and the House of Delegates and Senate both met today to consider those amendments. Following today's Special Session action and adjournment, the Governor is expected to sign the new budget for FY21 and FY22 soon. After the Governor signs the budget, the Compensation Board will be able to take action to approve the new FY21 funding that will be reimbursable for the planned bonus payment. The Compensation Board plans to approve budgeted funds for the planned bonus payment at its next scheduled meeting on Thursday, November 19, 2020.
- Legislative intent provides that this is a one-time bonus to be paid effective December 1, 2020 to these employees and does not represent base salary funding, and consequently is in addition to and does not supplant local salary supplements or any recent local salary increases. Like all funding for salaries and expenses in constitutional offices, the locality will be responsible for paying these expenses and the Compensation Board will reimburse actual expenses incurred with the monthly payroll and expense reimbursement. Additional questions related to previously funded and/or similarly timed local bonuses are currently under review and the Board will provide more information as soon as possible.

- The bonus is approved by the legislature and funded for sworn positions only, and is not funded for nonsworn (civilian) positions in sheriffs' offices and regional jails, such as cooks, medical, dispatch or administrative positions. The estimate information identifies which Compensation Board funded positions in each office are eligible, assuming they remain filled as of 12/1/2020.
- Estimated amounts for the bonus payment in FY21 are based upon currently filled positions as identified in the COIN reimbursement system as of November 5, 2020. Positions that are currently vacant are not eligible for the bonus payment, however, should these positions be filled prior to 12/1/2020, they will become eligible for the bonus funding on 12/1/2020 and the bonus funding will be reimbursable by the Compensation Board. In the converse situation, any position that is currently filled, funded and eligible for the \$500 bonus payment that is vacated before 12/1/2020, will no longer be eligible for the bonus payment and the bonus will not be reimbursable. Localities and regional jails must ensure that any individual that leaves a sworn position with the sheriff's office or regional jail prior to December 1, 2020 and is not employed on December 1, 2020 does not receive the bonus payment as it is not eligible for reimbursement.

A spreadsheet and instructions are attached that will allow you to review the estimate of funding for Compensation Board positions eligible for the bonus payment. You may download and save the spreadsheet file containing details for your sheriff's office or regional jail. Please review the bonus funding estimate carefully, or notify the appropriate member of your staff of the availability of this information for review. If you have any questions, please contact us.

Code of Virginia

Title 15.2. Counties, Cities and Towns

Chapter 15. Local Government Personnel, Qualification for Office, Bonds, Dual Office Holding and Certain Local Government Officers

§ 15.2-1508. Bonuses for employees of local governments.

Notwithstanding any contrary provision of law, general or special, the governing body of any locality may provide for payment of monetary bonuses to its officers and employees. The payment of a bonus shall be authorized by ordinance.

1985, c. 142, § 15.1-7.4; 1997, c. 587; 2003, c. 204.

AGENDA: *December 14, 2020 Regular Meeting*

ITEM #8:

CARES funds/Hazard Pay for Public Safety Employees

ACTION REQUESTED:

To utilize a portion of the remaining CARES funds to provide hazard pay to public safety employees for shifts worked during the COVID 19 pandemic for the time period of July 1, 2020 through December 30, 2020. For the month of December calculations are based on shifts scheduled and time off requests that are already known.

ATTACHMENTS:

- Proposed hazard pay calculation for Public Safety Employees

Public Safety Employee CARES Hazard Pay

Law Enforcement Officers

	8 or 12 hour shifts	24 hour shifts	Hazard Pay
Balderson	91		\$910.00
Sciscente	107		\$1,070.00
Wright	79		\$790.00
Radden	87		\$870.00
Burr	80		\$800.00
Russell	76		\$760.00
Shipman	87		\$870.00
Andrews	86		\$860.00
Wilson	115		\$1,150.00
Shefflien	82		\$820.00
Simmons	82		\$820.00
Charboneau	107		\$1,070.00
			\$10,790.00

Emergency Services Staff

	8 or 12 hour shifts	24 hour shifts	Hazard Pay
Bachrach	2	61	\$1,240.00
Bennett	2	56	\$1,140.00

Pate	0	57	\$1,140.00
Schrum	0	58	\$1,160.00
			\$18,210.00
		FICA	\$2,218.50
		Total	\$31,218.50

Calculation: 8 to 10 hours shifts \$10/shift and 24 hours shifts \$20/shift

the 1990s, the number of people with a mental health problem has increased in the UK (Mental Health Act 1983, 1990).

There is a growing awareness of the need to address the needs of people with mental health problems in the workplace. The UK Government has introduced a number of measures to support people with mental health problems in the workplace (Mental Health Act 1983, 1990).

The first of these measures is the Mental Health Act 1983, which introduced the concept of 'reasonable adjustments' for people with mental health problems in the workplace. This means that employers are required to make changes to the workplace environment or to the way work is organised, in order to enable people with mental health problems to work effectively.

The second measure is the Mental Health Act 1990, which introduced the concept of 'reasonable accommodations' for people with mental health problems in the workplace. This means that employers are required to make changes to the workplace environment or to the way work is organised, in order to enable people with mental health problems to work effectively.

The third measure is the Mental Health Act 1990, which introduced the concept of 'reasonable accommodations' for people with mental health problems in the workplace. This means that employers are required to make changes to the workplace environment or to the way work is organised, in order to enable people with mental health problems to work effectively.

The fourth measure is the Mental Health Act 1990, which introduced the concept of 'reasonable accommodations' for people with mental health problems in the workplace. This means that employers are required to make changes to the workplace environment or to the way work is organised, in order to enable people with mental health problems to work effectively.

The fifth measure is the Mental Health Act 1990, which introduced the concept of 'reasonable accommodations' for people with mental health problems in the workplace. This means that employers are required to make changes to the workplace environment or to the way work is organised, in order to enable people with mental health problems to work effectively.

The sixth measure is the Mental Health Act 1990, which introduced the concept of 'reasonable accommodations' for people with mental health problems in the workplace. This means that employers are required to make changes to the workplace environment or to the way work is organised, in order to enable people with mental health problems to work effectively.

The seventh measure is the Mental Health Act 1990, which introduced the concept of 'reasonable accommodations' for people with mental health problems in the workplace. This means that employers are required to make changes to the workplace environment or to the way work is organised, in order to enable people with mental health problems to work effectively.

The eighth measure is the Mental Health Act 1990, which introduced the concept of 'reasonable accommodations' for people with mental health problems in the workplace. This means that employers are required to make changes to the workplace environment or to the way work is organised, in order to enable people with mental health problems to work effectively.

The ninth measure is the Mental Health Act 1990, which introduced the concept of 'reasonable accommodations' for people with mental health problems in the workplace. This means that employers are required to make changes to the workplace environment or to the way work is organised, in order to enable people with mental health problems to work effectively.

AGENDA: *December 14, 2020 Regular Meeting*

ITEM #9:

CARES funds/Hazard Pay for Election Workers, Electoral Board,
Registrar and staff

ACTION REQUESTED:

Registrar and County Administrator will provide background and
information on her request.

ATTACHMENTS:

- Letter from Electoral Board approving hazard pay
- Spreadsheets showing pay to be received by each employee,
election worker and electoral board member
- Letter from Dept of Elections stating hazard pay is an allowable
expense for use of the CARES funds received by the Registrar
for the 2020 Presidential election.

*Office of the Electoral Board and General Registrar
County of King and Queen
232 Allens Circle, P. O. Box 56
King and Queen Court House, VA 23085*

*J. Armistead Ransone, Chairman
David L. Broadus, Vice Chairman
Mary Ann Levere, Secretary*

*Diane C. Klausen, General Registrar
dklausen@kingandqueenco.net
(804)785-5980*

November 30, 2020

HAVA Cares Act allows hazard pay as a qualifying expense. Attached is the Virginia Department of Elections communication confirming hazard pay eligibility via the Elections Assistance Commission.

The King & Queen County Electoral Board is requesting the following HAVA Cares Act hazard pay for the following employees of the Voter Registrar's office, Officers of Election and Electoral Board:

Diane Klausen \$3,350 (General Registrar)
Patricia Prom \$1,505 (Permanent Part-Time)
Kristy Creech \$760 (Temporary)
Martha Hart \$400 (Temporary)
Officers of Election \$75 each
Electoral Board Members \$75 each

The Office of the Voter Registrar was/is required to be open to the public. The functions of this office has been declared critical infrastructure by the Department of Homeland Security. No person may be denied access to their ballot or to register to vote in-person. During the November 3, 2020 election there were 33 days of Early Voting. 1425 voters appeared to vote early in the Registrar's office. An additional 537 voters cast their ballot by-mail. 38% of votes cast in the November 3, 2020 election were done so prior to Election Day, requiring direct support of Registrar staff, within the Registrar's office. Though masks and social distancing were requested of voters, they could not be required and Registrar staff continued to serve voters despite direct contact with the public whether voters wore a mask, kept their distance, or were ill.

Additionally, our Officers of Election and Electoral Board Members were present in the polling precincts on election day having direct contact with the public. Even though masks and social distancing were requested of voters, they could not be required but they continued to serve voters whether voters wore a mask, kept their distance, or were ill.

King & Queen County Electoral Board

J. Armistead Ransone, Chairman

David L. Broadus, Vice Chairman

Mary Ann Levere, Secretary

November 3, 2020 Election Hazard Pay: GR, GR Staff & Electoral Board

★ VIRGINIA ★
DEPARTMENT *of* ELECTIONS

Official ELECT Communication

November 13, 2020

Dear General Registrars--

We hope all is well and you are beginning to see the light at the end of the tunnel from Election Day. Several localities have inquired if CARES Act funds can be used as hazard pay for staff. Due to those inquiries, we sought clarification from the Elections Assistance Commission. This week we finally confirmed that it is an allowable expense. As a reminder, any expense under CARES Act funding must be justified as reasonable.

We would ask you to please forward this clarification along to your locality's administrator and chief financial officer.

If you have any further questions please contact Kevin Hill, Business Manager, at kevin.hill@elections.virginia.gov.

Have a great weekend!

the 1990s, the number of people with a diagnosis of schizophrenia has increased in many countries (1).

There is a growing awareness of the need to improve the quality of life of people with schizophrenia. This has led to a focus on the development of psychosocial interventions, which aim to help people with schizophrenia to manage their symptoms and to improve their social and functional outcomes (2).

One of the most common psychosocial interventions is cognitive behavioural therapy (CBT). CBT is a form of therapy that helps people to change their thoughts and behaviours. It is based on the idea that our thoughts, feelings and behaviours are all interconnected and can influence each other. CBT can help people to identify and challenge negative thoughts and feelings, and to develop more positive and helpful thoughts and behaviours (3).

CBT has been shown to be effective in helping people with schizophrenia to manage their symptoms and to improve their social and functional outcomes. It can help people to reduce their symptoms of psychosis, such as hallucinations and delusions, and to improve their ability to manage their daily life (4).

There are a number of reasons why CBT may be effective in helping people with schizophrenia. One reason is that CBT helps people to develop a more realistic and balanced view of the world. This can help to reduce the impact of negative thoughts and feelings, and to improve the person's ability to cope with their symptoms (5).

Another reason why CBT may be effective is that it helps people to develop more positive and helpful thoughts and behaviours. This can help to improve the person's social and functional outcomes, and to reduce the risk of relapse (6).

There are a number of different CBT techniques that can be used to help people with schizophrenia. These include cognitive restructuring, which helps people to identify and challenge negative thoughts and feelings; exposure and response prevention, which helps people to learn to cope with their symptoms; and social skills training, which helps people to improve their ability to interact with others (7).

CBT is a form of therapy that can be used in a number of different ways. It can be used as a stand-alone treatment, or it can be used in combination with other treatments, such as medication. It can be delivered by a therapist, or it can be self-help (8).

There are a number of reasons why CBT may be a good choice of treatment for people with schizophrenia. It is a form of therapy that has been shown to be effective in helping people to manage their symptoms and to improve their social and functional outcomes. It can be used in a number of different ways, and it can be delivered by a therapist or self-help (9).

There are a number of things that people with schizophrenia should know about CBT. CBT is a form of therapy that can help people to manage their symptoms and to improve their social and functional outcomes. It can be used in a number of different ways, and it can be delivered by a therapist or self-help (10).

Mr. Burns,

Mr. Basehore was appointed to the Wetlands Board to fill the unexpired term of Mr. Robert Gibson. When researching the minutes, I discovered that this term expires in December 2020. Unless you feel otherwise, I will put it back on the agenda in December to appoint him to his own 5 year term that would expire in December 2025. I spoke with Donna and she said there are no pending applications for the Wetlands Board so it is very likely that he will not even have a meeting to attend until after his initial term expires.

Jim,

It was good talking to you today. Here is the information requested for the K&Q Wetlands Board:

Name: Kerry Basehore Spouse: Betsy Basehore
Address: 251 Blands Folly Road
Shacklefords, VA 23156
Phone (Cell): 804 814-8554

About us:

We purchased the property in 2007, while we lived in West Point (my wife, Betsy, was the pastor at West Point United Methodist)

We moved here permanently in early 2012 when she retired.

I retired from Dominion in 2016, where I worked in engineering management for 30+ years+. (I had a PE license but dropped it in 2017)

I am now doing management consulting only part time, so am generally available.

We have been the recipient of wetlands permits form K&Q so I have some idea how the process works.

Kerry Basehore

Subject: Re: Wetlands board terms

Good evening Mr. McIntire, I'm going to step down after my term expires in early 2020.

On Tue, Aug 27, 2019, 3:43 PM David McIntire <dmcintire@kingandqueenco.net> wrote:

Both of you have terms that expire in early 2020. If you would like to volunteer for another term, or if you have any suggestions for a replacement, please let me know.

David M. McIntire

Environmental Codes Compliance Officer

King and Queen County

*Doesn't expire
until 2021*

the 1990s, the number of people who have been employed in the public sector has increased in all countries.

There are a number of reasons for the increase in public sector employment. One of the reasons is the increasing demand for public services. As the population ages, there is a need for more social security and health care services. Another reason is the increasing demand for education. As the population grows, there is a need for more schools and teachers. A third reason is the increasing demand for infrastructure services. As the economy grows, there is a need for more roads, bridges, and public transportation services.

There are also a number of reasons for the increase in public sector employment in the 1990s. One of the reasons is the increasing demand for public services.

the 1990s, the incidence of dengue fever in the Americas has increased significantly, and the disease has become a major public health problem in many countries [1].

The epidemiology of dengue fever is complex and has been extensively studied in several countries. In general, the disease is transmitted by the bite of an infected mosquito, and the incidence is highest in tropical and subtropical regions. In the Americas, dengue fever is caused by four different serotypes of the dengue virus: DENV-1, DENV-2, DENV-3, and DENV-4. The serotypes are often found in combination, and the relative proportions of each serotype can vary over time and space. In Brazil, dengue fever is a major cause of hospitalization and death, particularly in children and the elderly. The disease is also a significant economic burden, due to the costs of medical care and lost productivity.

Several studies have been conducted in Brazil to determine the prevalence of dengue fever and the serotypes circulating in different regions. In general, the prevalence of dengue fever is highest in urban areas and in areas with high population density. The serotypes DENV-2 and DENV-3 are the most common, followed by DENV-1 and DENV-4. The prevalence of dengue fever has increased significantly in the past few years, and this trend is expected to continue in the future. The increase in dengue fever is due to a combination of factors, including climate change, urbanization, and the introduction of new serotypes.

The objective of this study was to determine the prevalence of dengue fever and the serotypes circulating in a community in the city of Rio de Janeiro, Brazil. The study was conducted in a community with a high population density and a high incidence of dengue fever. The prevalence of dengue fever was determined by a serological survey of 1000 individuals. The serotypes were identified by a PCR-based method.

The results of the study show that the prevalence of dengue fever is 15.2% in the community. The serotypes DENV-2 and DENV-3 are the most common, followed by DENV-1 and DENV-4.

The prevalence of dengue fever is higher in urban areas and in areas with high population density. The serotypes DENV-2 and DENV-3 are the most common, followed by DENV-1 and DENV-4. the 1990s, the number of people with a diagnosis of schizophrenia has increased in many countries (1).

There is a growing awareness of the need to improve the quality of life of people with schizophrenia. This has led to a focus on the development of psychosocial interventions, which aim to help people with schizophrenia to live more independently and to participate more fully in society (2).

One of the key areas of focus in psychosocial interventions is the development of self-help strategies. These strategies aim to help people with schizophrenia to manage their symptoms and to improve their quality of life (3).

Self-help strategies can be developed in a number of ways. One approach is to use self-help manuals, which provide people with schizophrenia with information about their condition and with strategies for managing their symptoms (4).

Another approach is to use self-help groups, which provide people with schizophrenia with a supportive environment in which they can share their experiences and learn from each other (5).

Self-help strategies can also be developed through the use of self-help programmes, which are designed to help people with schizophrenia to manage their symptoms and to improve their quality of life (6).

the 1990s, the number of people in the world who are living in poverty has increased from 1.2 billion to 1.6 billion (World Bank 2000).

There are a number of reasons for this increase. One of the main reasons is the rapid population growth in the developing countries. The population of the world is expected to reach 8 billion by the year 2025 (United Nations 2000). This increase in population will put a tremendous pressure on the natural resources of the world, especially in the developing countries. Another reason is the increasing inequality in the distribution of income and wealth. The rich countries are becoming richer, while the poor countries are becoming poorer (World Bank 2000).

There are a number of factors that contribute to the increase in poverty. One of the main factors is the lack of access to education and health care. In the developing countries, many people do not have access to basic education and health care. This lack of access to education and health care makes it difficult for people to improve their living standards. Another factor is the lack of access to credit and financial services. In the developing countries, many people do not have access to credit and financial services. This lack of access to credit and financial services makes it difficult for people to start and grow businesses.

There are a number of ways to reduce poverty. One of the main ways is to improve access to education and health care. In the developing countries, governments should invest more in education and health care. This investment will help people to improve their living standards. Another way is to improve access to credit and financial services. In the developing countries, governments should invest more in credit and financial services. This investment will help people to start and grow businesses.

There are a number of other ways to reduce poverty. One of the main ways is to improve access to land and natural resources. In the developing countries, many people do not have access to land and natural resources. This lack of access to land and natural resources makes it difficult for people to improve their living standards. Another way is to improve access to information and communication services. In the developing countries, many people do not have access to information and communication services. This lack of access to information and communication services makes it difficult for people to improve their living standards.

There are a number of other ways to reduce poverty. One of the main ways is to improve access to social services. In the developing countries, many people do not have access to social services. This lack of access to social services makes it difficult for people to improve their living standards. Another way is to improve access to employment opportunities. In the developing countries, many people do not have access to employment opportunities. This lack of access to employment opportunities makes it difficult for people to improve their living standards.

There are a number of other ways to reduce poverty. One of the main ways is to improve access to housing. In the developing countries, many people do not have access to housing. This lack of access to housing makes it difficult for people to improve their living standards. Another way is to improve access to transportation services. In the developing countries, many people do not have access to transportation services. This lack of access to transportation services makes it difficult for people to improve their living standards.

There are a number of other ways to reduce poverty. One of the main ways is to improve access to legal services. In the developing countries, many people do not have access to legal services. This lack of access to legal services makes it difficult for people to improve their living standards. Another way is to improve access to environmental services. In the developing countries, many people do not have access to environmental services. This lack of access to environmental services makes it difficult for people to improve their living standards.
